What is Big Bass Crash?

At its core, Big Bass Crash is a multiplayer crash game. Unlike conventional slots where results are figured out by paylines and symbols, crash games operate on an escalating multiplier curve.

In Big Bass Crash, gamers sign up with an angler who casts his line into the water. As the line sinks, a multiplier starts to rise from **1.00 x** up. The goal is simple yet nerve-wracking: **money out before the line snaps or the catch gets away**.

If a player squanders in time, they win their stake multiplied by the present value. If the game crashes before the cash-out, the stake is lost.
