What is Big Bass Crash Online?

At its core, **Big Bass Crash** is an online betting game based upon an increasing multiplier curve. Unlike standard slots where gamers spin reels and wish for matching signs, a crash game includes a single character-- in this case, a friendly fisherman casting his web into the water.

As the angler pulls his internet up, a multiplier starts to increase quickly from 1.00 x up. The objective for the gamer is basic yet agonizingly tense: squander their jackpots before the net breaks or the fish escapes (the "crash"). If a gamer squanders in time, they win their stake increased by the existing value. If the game crashes before they cash out, the stake is lost.
