The Fundamentals of CS2 Betting

Before diving into particular markets, it is necessary to comprehend that CS2 wagering is not practically selecting a "winner." Since of the game's structured round-based format, bookmakers can provide granular bets that concentrate on particular map occasions, player performances, and series outcomes.

Popular Betting Markets Explained

Most wagering platforms classify their markets into two primary types: **Match Winner** bets and **Proposition (Prop)** bets.

1. Match Winner

This is the most uncomplicated market. You are merely betting on which team will win the series (e.g., Best-of-3) or the individual map.

2. Handicap Betting

To balance the scales when a heavy favorite plays an underdog, bookies utilize handicaps.

- **Map Handicap:** In a Best-of-3, a -1.5 handicap suggests the preferred should win 2-0 for the bet to prosper.
- **Round Handicap:** This applies to specific maps. If a team is noted at -3.5, they must win a minimum of four more rounds than their opponent (e.g., 13-9).

3. Overall Maps/ Rounds (Over/Under)

These bets concentrate on the period of the map or series instead of the outcome.

- **Overall Maps:** Will the series go to 2 maps or three?
- **Total Rounds:** Will the map be a "blowout" (e.g., under 20.5 overall rounds) or a "nail-biter" (e.g., over 22.5 overall rounds)?
