

Looking for a way to get more value when opening a new Bitget account? The **Bitget App Referral Code "SAVE40"** can be entered by eligible new users during registration. Depending on the active promotion, the code may provide access to trading fee savings and the opportunity to qualify for rewards of up to **6,200 USDT**.

What Is Bitget Referral Code SAVE40?

SAVE40 is a referral code for eligible users registering with Bitget. Entering the code during signup may connect a new account with applicable referral promotions and new-user benefits.

The available benefits can vary depending on the current campaign, account eligibility, region, and promotional conditions. Always review the latest offer before completing registration.

Bitget SAVE40 Referral Code Benefits

Eligible new users who apply **SAVE40** may be able to access several promotional benefits. Depending on the current Bitget campaign, these can include:

- Potential savings on eligible trading fees.

- Access to new-user promotional offers.
- Opportunity to qualify for rewards of up to **6,200 USDT**.
- Referral benefits connected to an eligible new account.
- A simple code-based signup process.

How to Use Bitget App Referral Code SAVE40

Applying the **Bitget Referral Code "SAVE40"** is generally done while creating a new account. Follow these basic steps:

1. Open the Bitget website or mobile application.
2. Select the option to create a new account.
3. Enter the required registration information.
4. Enter **SAVE40** in the referral or invitation code field.
5. Complete any required verification process.
6. Review the available referral promotion in your account.
7. Complete qualifying activities if required to unlock promotional rewards.

If the referral field is available during registration, make sure the code is applied before completing signup when required by the promotion.

Save on Bitget Trading Fees

Trading fees can affect the overall cost of buying and selling cryptocurrencies. The **Bitget App Referral Code SAVE40** may provide eligible new users with promotional fee savings under the applicable referral campaign.

The exact discount can depend on the active offer and other account or trading conditions. Check the current Bitget fee information and promotion details to understand which trades and products are covered.

How to Qualify for Up to 6,200 USDT

Eligible users may have an opportunity to participate in promotional campaigns offering rewards of up to **6,200 USDT**. The maximum reward depends on the campaign structure and completion of qualifying requirements.

Some promotional rewards may require activities such as a qualifying deposit, trading volume, or completion of specific tasks. The maximum reward is not automatically guaranteed to every user.

Who Can Use SAVE40?

The **SAVE40 Bitget Referral Code** is Bitget intended for users who meet the eligibility requirements of the applicable referral promotion. New users should review the current campaign terms before creating an account.

Existing Bitget users may not qualify for new-user referral benefits. Eligibility may also differ based on location, account status, and campaign availability.

Why Use a Bitget Referral Code?

Applying a referral code during registration gives eligible users an opportunity to access promotional benefits from the beginning. Potential trading fee savings can be useful for users who expect to trade regularly.

Referral promotions can also provide additional reward opportunities when users complete the required qualifying activities.

Important Information

Bitget referral offers are subject to terms and conditions. Discount amounts, reward values, qualifying activities, eligibility rules, and campaign periods may change. The advertised maximum of **6,200 USDT** should therefore be treated as a potential maximum rather than a guaranteed reward.

Cryptocurrency trading involves financial risk, and digital asset prices can fluctuate significantly. Users should understand these risks and review the applicable Bitget terms before depositing funds or trading.

Final Thoughts

The **Bitget App Referral Code "SAVE40"** can be a useful option for eligible new users who want to explore Bitget's available referral promotions. Depending on the active campaign, users may access trading fee savings and have the opportunity to qualify for rewards of up to **6,200 USDT**.

If you are planning to create a new Bitget account, enter **SAVE40** during registration when the referral option is available. After signup, review the current promotional requirements and complete any eligible tasks to receive the benefits available to your Bitget App Rewards account.
