3. Pachinko

Motivated by the standard Japanese arcade video game, a puck is dropped from the top of a huge Pachinko wall filled with pegs. The puck bounces down and lands at the bottom in a slot consisting of a multiplier (or a "Double" slot, which doubles all multipliers on the board and activates another drop).

4. Crazy Time

This is the supreme benefit round. The host opens a red door leading to a virtual world behind the wall including an enormous 64-segment wheel. Players select one of 3 flappers (Green, Blue, or Yellow). The wheel spins, and whatever multiplier the selected flapper points to is awarded. If it arrive at "Double" or "Triple," all multipliers on the wheel boost, and the wheel spins once again.
