Weddings with flower girls, ring bearers, or young guests come with their own photography challenges, and Annie Paige Photography, a mother of two daughters herself, brings genuine patience to these moments. Capturing kids authentically, rather than forcing posed shots, tends to produce more charming, natural images. This kind of patience matters especially during family formal photos, where young children can otherwise slow things down considerably.

Annie Paige Photography | 59 State St, Portland, ME 04101 wedding photography in Portland | (207) 841-4333

Experience with young kids has developed both personally and across more than one hundred weddings photographed professionally. Call (207) 841-4333 to discuss photographing a wedding with young children involved.
