What is Live Blackjack?

Unlike basic online blackjack-- which uses a Random Number Generator (RNG) to deal cards by means of computer animation-- live blackjack features a real human dealership running from a professionally styled casino studio.

Gamers watch the action unfold through high-definition video streaming in real-time. Buttons on the screen enable gamers to make decisions (hit, stand, double down), while the dealer responds to these inputs physically, dealing genuine cards from a physical shoe.

Why Choose Live Dealer Over RNG Games?

- **Openness:** Players watch genuine cards being shuffled and dealt, removing doubts about computer fairness.
- **Social Interaction:** A live chat function permits gamers to speak with the dealership and often fellow tablemates.
- **Authentic Atmosphere:** The sights, sounds, and pacing closely mirror a journey to Las Vegas or Monte Carlo.

Basic Rules and Objectives

The goal of live blackjack stays similar to conventional blackjack: **beat the dealer's hand without surpassing an overall of 21.**

Every card holds a particular point worth:

- **Numbered Cards (2-- 10):** Face worth.
- **Face Cards (Jack, Queen, King):** Worth 10 points.
- **Aces:** Worth either 1 or 11, depending upon which value benefits the player's hand more.

The Flow of a Hand

1. **Place Bets:** Players position their chips on the wagering circle within a designated time window.
2. **The Deal:** The dealership distributes 2 cards face-up to each participating player and one card face-up (and one face-down, depending on the video game version) to themselves.
3. **Gamer Decisions:** Starting from the gamer to the dealership's left, each individual chooses how to play their hand.
4. **Dealership's Turn:** Once all players complete, the dealer reveals their face-down card and must follow rigorous house rules (typically drawing to 16 and basing on all 17s).
5. **Payouts:** Winning hands are paid out instantly before the next round begins.

Secret Actions: What Can You Do?

When it is a player's turn, they need to pick one of numerous standard actions based on their hand overall and the dealership's upcard.

Action Description When to Use **Strike** Ask the dealer for another card to increase the hand total. When the hand total is low (e.g., 5 to 11) and far from 21. **Stand** Keep the present hand and end the turn. When satisfied with the hand total (e.g., 17 or higher). **Double Down** Double the initial bet in exchange for receiving **exactly another card**. Commonly used when holding a total of 10 or 11. **Split** Divide a set of similar cards into 2 separate hands by adding a second bet. Best utilized with sets of Aces or eights. **Surrender** Forfeit half the bet and provide up the hand right away (if offered). When holding an awful hand against a strong dealership upcard (like a 16 versus a 10).
