Popular Strategies for Playing Crash Games

- **The Split-Bet Strategy:** Utilize both betting panels. Set one panel to auto-cashout early at 2.00 x to protect the base bet, and let the second panel run easily to chase after higher multipliers (e.g., 10x+).
- **The Martingale System (Use with Caution):** Doubling the bet after every loss in an effort to recuperate previous deficits. *Keep in mind: This technique requires a substantial bankroll and can quickly strike gambling establishment table limits.*
