2. **Release the Ball:** The player clicks "Play" (or "Drop"), and a ball is launched from the top center of a pyramid-shaped grid of pegs.
3. **The Descent:** Gravity pulls the ball downward. As it falls, it strikes various pegs, deflecting arbitrarily to the left or right with each impact.
4. **The Payout:** The ball ultimately settles into one of the bins at the bottom of the board. Each bin corresponds to a specific multiplier, which is then multiplied by the initial bet to figure out the payment.
