- Expansion into the **Latin American** market through a new MGA-type license.
- The rollout of a **VR-powered live casino** (beta slated for Q4 2027).
- Introduction of a **managed sportsbook** that will integrate flawlessly with the existing gambling establishment wallet, capitalising on the growing demand for multi-product platforms.

If the company maintains its existing pace of development and sticks to stringent compliance standards, CS2 could turn into one of the leading 3 operators in the European iGaming sector by 2030.
