What is Plinko?

For those unfamiliar with its origins, Plinko was made popular as a popular pricing game on the tv show *The Price Is Right*. Entrants would drop a little disc from the top of a huge vertical board filled with a maze of pegs. As the disc toppled downward, it bounced randomly off the pegs before landing in a cash-prize slot at the bottom.

In the online gambling sphere, software suppliers have adapted this classic idea into a hectic cryptocurrency and fiat gambling establishment game.
