Every journey to Costa Blanca feels like a love letter to life itself. Preference is the heart of a journey, and Costa Blanca's food narrates of practice and love that we savor together. This was exactly how our first journey to Costa Blanca began-- a journey that turned into a common love story with this enchanting Spanish shoreline. Costa Blanca is a prominent climbing place due to its limestone crags and Mediterranean weather conditions. Among a

number of Iberian archaeological websites, La Serreta (near Alcoy) is notable as the area of the longest engravings ever before found in the (still undeciphered) Iberian language.

The Costa Blanca is a famous stretch of shore in southeastern Spain, where a cozy Mediterranean Sea bathes an infinite variety of white sand beaches and pebble bays surrounded by distant mountain heights. On today trip to Guadalest and Altea, you'll find 2 wonderful communities in the district of Alicante and take a dip in the renowned Fuentes del Algar. Enjoy a charming sundown off the coastline of Denia from an unique viewpoint when you take this superb catamaran cruise ship. Feature us to find one of one of the most picturesque and stunning islands on the coastline of Alicante when you take our great watercraft journey to Tabarca. Go to one of the best-known Mediterranean islets of the Costa Blanca with this Tabarca Island Ferry from Alicante-- make the journey in just 1 hour!

Relax At Marina Rubicon

There are hundreds of quality resorts and holiday house services, the vast majority with swimming pools, and within tipping range of the coastlines and all the action. The whole beautiful setting is backed by mountains which protect a valley of orchards behind the old community and is supervised by the damages of an old ft high up on Sierra Bernia ridge. Three primary harbours full of leisure craft are a sailor's desire-- the unique Campomanes, secluded Porto Senso, and Altea angling port marina. Popular with musicians and glamorously bohemian, craft fairs and conventional celebrations are kept in the summer-- the yearly August firework display screen in the sea off L'Olla coastline is world famous!

The most prominent hike is the route to the Albir Lighthouse, which supplies breathtaking sights of the shoreline and the Mediterranean. The park is a sanctuary for walkers and nature lovers, with several trails that wind through its different landscapes, from arid hillsides to lush pine forests. The park is known for its rugged cliffs, which increase dramatically from the sea, providing some of the most magnificent seaside views in the area.

Kayak and snorkel excursions commonly combine sea caves and cliff-jumping places (for the positive), while licensed dive centres run wreck and coral reef dives from multiple ports. Among the area's most satisfying day trips is the boat trip from Alicante to Tabarca Island-- a little inhabited island and safeguarded marine get. Benidorm's Levante and Poniente coastlines are two of the most renowned stretches of sand in the location-- Levante buzzes with activity, bars and watersports; Poniente is broader, calmer and great for family members and long walks along the promenade. Discover the fishing area or hike via Montgó Natural Park. Stroll along the well-known blvd or discover the old Santa Cruz district.
