What is Big Bass Crash?

At its core, **Big Bass Crash** is a social multiplayer gambling establishment video game. Unlike a conventional fruit machine where a player spins the reels and awaits a fixed outcome, a crash video game involves enjoying a multiplier climb in real-time.

In this specific iteration, the protagonist is the familiar bearded fisherman. Instead of casting a line into a peaceful lake to capture fish for standard slot payouts, the fisherman casts his net into the water, and players watch as his catch value-- and the associated multiplier-- increases second by 2nd.

The primary objective is easy: **squander before the net breaks (the crash)**.
