What is Big Bass Crash?

At its core, Big Bass Crash is a multiplayer social wagering game. Unlike standard slots where gamers spin reels and await sign mixes, crash games run on a rising multiplier curve.

In Big Bass Crash, the action revolves around a humble fisherman heading out onto the water in his boat. As the round begins, the multiplier begins at **1.00 x** and climbs up higher and higher. The goal is basic: **money out before the boat crashes**.

If a player squanders in time, they win their stake multiplied by the present value. If the boat crashes before they squander, the bet is lost.
