- **The Conservative Approach:** Place one bet and set the Auto Cash Out to a low multiplier (between 1.20 x and 1.50 x). While the individual wins are small, this technique yields a greater frequency of successful rounds.
- **The Balanced Approach:** Utilize the double bet function. Place a large stake on the first bet with a low auto-cashout (e.g., 1.50 x) to cover the cost of both bets, and a small stake on the 2nd bet to chase higher multipliers (e.g., 5.00 x or higher).

2. Bankroll Management Rules

- **Set a Budget:** Decide how much cash you are prepared to invest before you start playing, and never go beyond that limitation.
- **Never Chase Losses:** If you experience a losing streak, resist the desire to increase your stake sizes to win the money back quickly. This is the fastest way to deplete your account.
- **Accept Volatility:** The plane can crash at 1.00 x consecutively. Never ever assume a high multiplier is "due" even if the last couple of rounds resulted in low multipliers. Each round is entirely independent.

Responsible Gaming in Kenya

The enjoyment of watching the multiplier climb can be invigorating, making it easy to misplace time and money. Responsible video gaming is vital.

- **Treat it as Entertainment:** Aviator is a kind of paid entertainment, much like going to the movie theater or a football match. It is not a trustworthy source of income or a solution to monetary troubles.
