1. The Waiting Period: When Does Production Begin?

Before a driving license can be delivered, it needs to be manufactured. The process does not take place immediately upon passing the exam.

1. **Test Center Submission:** After passing the state exam (WORD-- Wojewódzki Ośrodek Ruchu Drogowego), the center forwards the test results to the city government workplace (*Starostwo Powiatowe*, *Urząd Miasta*, or *Urząd Dzielnicy* depending upon the city).
2. **System Update:** This transfer usually takes up to 2 working days.
3. **Cost Payment:** The candidate should pay the main license production cost (presently 100 PLN, plus a 0.50 PLN or 5 PLN commission depending upon the payment channel).
4. **Order Placement:** Once the workplace gets the exam pass notice and evidence of payment, they order the document from the Polish Security Printing Works (*PWPW-- Polska Wytwórnia Papierów Wartościowych*).

2. How to Track Your Driving License Status

Waiting without understanding the status of an official file can be aggravating. Thankfully, Poland offers a transparent online tracking system handled by the government.

People can check if their driving license is ready for collection or shipment without needing to call or visit the workplace.

Steps to Check Status Online:

1. Visit the official Polish federal government portal: **obywatel.gov.pl** or **esp.pwpw.pl**.

2. Navigate to the area relating to driving license status (*Sprawdź stan sprawy-- prawo jazdy*).
3. Get in the needed personal details (normally PESEL number, very first name, and last name).
4. Evaluation the present status showed on the screen.

Understanding Status Messages

- **Dane zostały przyjęte przez urząd (Data accepted by the office):** The local office has gotten the application and exam outcomes, but production has actually not yet started.
- **Trwa produkcja dokumentu (Document production in progress):** PWPW is currently printing and embedding security functions into the physical card.
- **Dokument został spersonalizowany i wydany (Document customized and issued):** The license has been printed and sent out to the regional authority or designated shipment address.
- **Dokument gotowy do odbioru (Document prepared for collection):** The license has arrived at its location and is all set for the applicant.

3. Shipment Options: Pickup vs. Mail

When sending the initial application for a driving license (typically done before taking the tests, by means of the *Profil Zaufany* or in individual), applicants should choose how they want to get the physical card.

Alternative A: Personal Collection at the Office

For people who prefer to gather their license personally, the process is simple:

- **Where:** The particular *Urząd* (City Hall or District Office) where the application was sent.
- **Requirements:** Bring a main type of identification (passport or home card) and, if applicable, the old driving license (if exchanging a foreign or ended license).
- **Expense:** Free.

Option B: Delivery by Traditional Mail/ Courier

Lots of offices enable the physical driving license to be mailed directly to a property or workplace address within Poland.

- **How it works:** The workplace sends the printed document via authorized mail (*list polecony*) or courier service to the provided address.
- **Requirements:** Someone needs to be physically present at the address to sign for the document upon shipment. An ID should be revealed to the postal worker.
- **Expense:** Standard postal fees use, normally a small administrative cost included during the application process.

4. Unique Considerations for Foreigners

Foreign nationals living in Poland who are transforming their home nation's license or acquiring a Polish license for the first time deal with a few additional verification steps.

- **Confirmation of Foreign License:** If exchanging a non-EU driving license, Polish authorities should validate the credibility of the file with the providing nation's embassy or transport department. This can **substantially delay** the shipment timeline, often extending it from two weeks to several months.

- **Home Requirements:** To receive a driving license in Poland, candidates need to show residency. This includes presenting a valid residence card (*karta pobytu*), visa, or EU registration certificate in addition to a registered address (*zameldowanie*).

5. What to Do If Your License Is Delayed

If the online status tracker reveals that the document production is taking longer than the basic two-week window, candidates should take the following steps:

- **Contact the Local Office:** Reach out directly to the *Wydział Komunikacji* (Department of Communications) at the particular town hall where the application was submitted.
- **Look For Missing Documents:** Occasionally, offices require extra signatures, updated medical certificates, or a brand-new passport-style photo.
- **Postal Delays:** If mail shipment was chosen, consult the local post office (*Poczta Polska*) utilizing the tracking number provided by the municipal workplace, as notice slips are in some cases lost.
