1. **The Ascent:** The gamer starts at the ground floor (Level 1) of a multi-tiered structure.
2. **The Selection:** Each level presents a set of options (e.g., blocks, doors, or tiles). One or more of these alternatives consist of a "safe" course or a multiplier, while others hide a "trap" or "game over" sign.
3. **The Progression:** Selecting a safe choice allows the player to advance to the next tier, where multipliers increase.
